DIY - How I built the Plus4Zones greenhouse, the Sun Terrace and other unheated greenhouses - DIY - How I built the Plus4Zones greenhouse, the Sun Terrace and other unheated greenhouses by HumanWisdom 719,475 views 3 years ago 32 minutes - The **construction**, of an unheated **greenhouse**, that enhances the local climate zone by 4 zones, of a sun terrace with grapevines, ...

installed some plywood with one inch of insulation

installed thermometers at the top and bottom part of the greenhouse

recording the snow accumulation on the greenhouse roof

plant them permanently in a sunny area of our property

started by placing some wood logs all around the perimeter

placed some plastic sheet on the interior walls

wrapped the entire greenhouse in plastic

removing the metal roof from the barn

install the plastic on the roof

installed planting shafts all along the interior walls
